LITERATURÆ ANGLO-SAXONICÆ INSTAURATORI.

MEmini, ante menſes jam aliquot quod de Anglo-Saxonicis noſtris promovendis rationes inire mecum pro egregia tua humanitate volueris, celeberrime HICKESI; ſermone multo de literaturæ hujus monumentis in Oxonienſi noſtra bibliotheca repoſitis ultro citroque habito, incidiſſe nos in mentionem Heptateuchi ab ÆLFRICO ante ſeptingentos annos in uſum ſuorum popularium Anglo-Saxonice redditi: cumque ego iſtius apographum, in uſus privatos pridem deſcriptum, jam penes me eſſe dixiſſem, vehementer efflagitâſſe te, ut illud typis JUNIANIS quam primum traderem. Intereſſe ſcilicet eccleſiæ, ut inter reliquas ſacræ ſcripturæ verſiones, quæ omnium ferme gentium, omnium linguarum prodiere, majorum noſtrorum vernacula iſta conſpiciat lucem. Imo vero eos eſſe nos, à quibus non iſtius modo, ſed & grandiorum quorundam in hoc genere operum editionem jure optimo jam expoſcat orbis literarius: inſtructis nimirum magnifica typorum Anglo-Saxonicorum, Gothicorum, Runicorum ſupellectile, ut & MSS codicibus quantivis pretii; quos partim aliunde conquiſitos, partim elegantiſſima ſui ipſius manu deſcriptos, una cum typis ipſis in ſinum academiæ noſtræ

noſtræ profudit ingens illud omnigenæ literaturæ, pariter ac ſeptentrionalis hujus noſtræ ſidus FRANCISCUS JUNIUS. Certe ex hujus munificentiæ fama, quanta quidem eorum, qui principatum jam in literis tenent, ſit de nobis expectatio, vel unum GRAEVIUM, eruditionis omnis politioris oraculum, monere in vita nobiliſſimi hujus noſtri * benefactoris. Neque vero deeſſe, qui, ubi de edendis hiſce monumentis convenerit inter rei typographicæ curatores, eruditorum votis ſatisfacere abunde poſſint, juvenes in his ipſis literis plurimum verſatos, ac earum callentiſſimos. (ita nempe de uno & altero apud nos Philo-Saxone ſupra omnem modum benigne judicas, pro mirifico ac plane JUNIANO tuo in hanc literaturam ſtudio.) Interea donec magnificentius quiddam, lexicon illud grande linguarum ſeptentrionalium, cæteraſque JUNII noſtri lucubrationes, ac alia quædam ab ipſo magnis ſumtibus corrogata χειμήλια proferat in lucem longior dies; id quod futurum confidimus, cum in hoc non parum verſetur haud dico ſalus hujuſce literaturæ, quam pro merito æſtimare nondum ita multis conceſſum eſt, ſed academiæ ipſius honos & exiſtimatio; omnino velle te, ut Heptateuchus iſte, quem nactus ſum, protrudatur in publicum. Neque enim eſſe, quod de diſtrahendis exemplaribus laborem. Habere nos φιλοβίβλους ex ſuperiori ordine complures, qui libris, etiam quos legere haud vacat, omnium generum & linguarum colligendis rem noſtram typographicam egregie juvant promoventque. Exſurgere in dies cultores linguæ Anglo-Saxonicæ, qui libellum iſtum jam à prælo fumantem avidiſſime ſint arrepturi,

* Is plurimas reliquit lucubrationes, quibus obſoletas has linguas explicavit; inter quas eſt gloſſarium quinque linguarum, in quo illarum origines ex vetuſtis illis monumentis indagavit, quod ſumme reverendus, & de eccleſia & re literaria præclarè meritus epiſcopus Oxonienſis JOANNES FELL ὁ μακαρίτης, XI voluminibus deſcribi nitidiſſimè curavit, ut typis mandaretur: ut & uberrimum commentarium in Tatiani harmoniam IV evangeliorum Francicam, & alia plura, quæ omnia legavit Oxonienſi academiæ; cujus antiſtites, nulli dubitamus operam daturos, ne tanto theſauro diutius careant patriarum antiquitatum ſtudioſi. *Vita* Junii, *præfixa libro ejus de pictura veterum.*

turi, theologos, juriſconſultos, antiquarios, alios. Etiam ex amicis tuis familiaribus eſſe, qui plus centum exemplaria coëmturi ſint. Quid plura? Mihi feſtinato duntaxat opus eſſe, reliqua expedituros amicos. Sermonibus iſtis inflammatus, ad editionem opuſculi hujus protinus me accingo. Paginam unam & alteram, ſpecimiņis cauſa quod dicitur, typis mando, ac cum eruditis communico. Expertuſque ſupra ſpem benigna, & in inſtitutum noſtrum prona ipſorum judicia, haud prius certe opus urgere deſtiti, quam ad finem perduxiſſem. Cum autem in juſtam libri molem haud ſufficeret Heptateuchus iſte, proſpexi ei inter ſcrinia Bodleiana de comite, libro Job, & ipſo ÆLFRICI noſtri opera in idioma Anglo-Saxonicum traducto: quibus & alia quæ inter codices JUNIANOS forte ad manum erant, adjungere viſum eſt, evangelium ſcilicet Nicodemi, & hiſtoriæ Judith fragmentum. Cui vero dono hunc novum libellum? HICKESI tibi; literaturæ hujus omnis inſtauratori maximo. Cujus unius præceptionibus factum, ut ſcripta iſta, reliquaque id genus oculis paulo doctioribus contemplemur, & expromamus in publicum. Nempe, quando alii ex evulgatis ſuperiore ſeculo hoc genus monumentis, alii ex compoſitis lexicis, alii ex immenſa voluminum Anglo-Saxonicorum, cæterorumque ſeptentrionalium vi, infinito labore ſumtuque congeſta, ut & ex lucubrationibus propriis in publicum paratis, immortalem ſibi laudem peperere; ita cum hiſce literis actum eſt, ut tibi uni grammaticas debeant inſtitutiones; hoc eſt, vitam & immortalitatem. utramque enim conſecutæ ſunt ex nobiliſſimo illo tuo opere grammaticali; docto, ſi quod uſquam, & laborioſo. Sed neque Anglo-Saxonicis Gothiciſque duntaxat excolendis ſiſtitur. etiam Francicæ ſeu Franco-Theotiſcæ veteris elementa tradidiſti, juſto volumine; quod una cum aliis quibuſdam tuis in hoc genere lucubrationibus nobiſcum jam communicatum

catum voluiſti. Id enim ſingularis plane humanitatis tuæ, quod nihil horum apud te premas, ſed omnia libere profundas in uſum publicum. Habes & alia ſub incude, quibus univerſam theologorum gentem demereare; Concilia dico Anglo-Saxonica, manu exaratorum librorum ope, excuſis noſtris multo auctiora, quæ in lucem demum proditura ſint, cum de diſtrahendis exemplaribus ſpes effulſerit. Largiatur Deus tempora tuis, Vir maxime, noſtriſque hiſce ſtudiis propitia. Hoc animitus optat

Alumnus Tuus,

ad omnia pietatis officia paratiſſimus,

EDWARDUS THWAITES.

CAP. I.

Incipit Liber IOSUE.

1. Gerit præterea Moysen famulus Domini locutus ad Iosue Nunen dicens. 2. Moyses minister meus defunctus est. surge tu nunc. et transi Iordanen. tu et omnis populus iste. terram quam ego dabo filiis Israhel tradturus sum: 3. Omnem locum quem calcaverit vestigium pedis vestri. dedi vobis. sicut locutus sum Moysi: 4. A deserto et Libano montе isto usque ad fluvium magnum Euphraten. omnis terra Hethæorum usque ad mare magnum contra occasum erit finis vester: 5. Nullus stare poterit contra te cunctis diebus vitæ tuæ. sicut fui cum Moyse ita ero et tecum. non dimittam nec derelinquam te: 6. Confortare igitur et esto robustus. tu enim sortieris terram hanc. pro qua juravi patribus eorum. ut traderem eam semini eorum: 7. Tantum confortare et esto robustissimus. ut custodias et facias omnem legem quam mandavit tibi Moyses famulus meus. non declines ab ea neque ad dexteram neque ad sinistram. ut intelligas universa quæ agis: *9. Præcepi tibi ut confortareris et essis robustus. ne paveas et ne timeas. quia tecum est Dominus Deus tuus in cunctis ad quæ perrexeris: 10. Præcepit autem Iosue principibus populi: 11. Ite per castra. et præcipite populo. ut parent cibaria. quia post triduum transibitis Iordanen. ut possideatis terram quam Dominus Deus vester dat vobis: *16. Responderunt autem populo: 17. Omnia quæ præcepisti nobis faciemus. et quocumque miseris ibimus. 18. Per omnia obedientes erimus sicut Moysi. sit tantum Dominus Deus tuus tecum sicut fuit cum Moyse: 18. Qui contradixerit ori tuo. et non obedierit cunctis sermonibus quos præceperis ei. morte moriatur. tu tantum confortare et esto robustus.

CAP. II.

1. Misit autem Iosue filius Nun de Sethim duos viros exploratores clam dicens. Ite et considerate terram. et Jericho. Qui cum abissent. et introissent domum mulieris meretricis nomine Rahab. et requiescerent ibi: 2. Nuntiatum est regi Jericho dicentes. Ecce viri ex filiis Israhel venerunt huc nocte explorare terram. Misit ergo rex Jericho ad Rahab dicens. Educ homines qui venerunt ad te. et ingressi sunt domum tuam. Exierunt enim ut explorarent universam terram. 3. Quos cum mulier celasset. respondit. Fateor quidem venisse ad me virum. sed nescivi unde esset: 4. Et cum tempus esset ut clauderetur porta civitatis. quia tenebræ erant. exierunt. nescio quo perrexerint. festinate et insequimini eos. cito enim comprehendetis eos. 5. Ipsa autem fecerat ascendere eos in tectum domus. et absconderat in cannabe lini. quæ ibi erat composita. 6. Illi vero secuti sunt eos per viam quæ ducit ad Jordanen. ad vadum. Porta autem statim clausa est. postquam egressus est qui insequebatur eos. 7. Mulier autem ascendit ad eos. priusquam cubarent. 8. Et ait ad eos. Scio quod Dominus tradiderit vobis terram hanc. et ceciderit timor noster super vos. et omnes habitatores regionis pavescant præ vobis. 9. Audivimus enim quod siccaverit Dominus aquas maris Rubri ante faciem vestram. quando egressi estis Ægypto. et quæ feceritis duobus regibus Amorræorum trans Jordanen. Sehon et Og. quos interfecistis. 10. Et audientes hæc non est in nobis ausus quisquam resistere vobis. quia Dominus Deus vester ipse pugnat pro vobis. sicut locutus est. 11. Quæ cum audissemus. tabescebat cor nostrum. et non remansit in quoquam fiducia. quia Dominus Deus vester ipse est Deus in cælo sursum et in terra deorsum. 12. Nunc ergo juremus mihi per Dominum. quia sicut ego misericordiam feci vobis. ita faciatis et vos domui patris mei. et habeam fidele signum. 13. Ut vivificetis patrem meum et matrem meam. fratres quoque et sorores. et omnia quæ ad illos pertinent. et liberetis animas nostras de morte. 14. Quibus illi respondentes. Animæ nostræ. inquiunt. pro vobis in mortem dentur. si nos non prodiderimus. et cum tradet nobis Dominus terram. reddemus tibi misericordiam et veritatem. 15. Demisit ergo eos per funem de fenestra. Habitabat enim domus ejus in muro civitatis. 16. Et ait ad eos. Ite in montana. ne forte occurrant vobis revertentes. et latitate ibi tribus diebus. donec revertantur qui insequuntur. et postea ite in viam vestram. 17. Dixerunt autem ad eam. Innocentes erimus a juramento isto. quo nos adjurasti. 18. Si videntes terram ingressum nostrum. funem coccineum hunc. quo demittis nos per fenestram. non inveneris. et congregaveris ad te patrem et matrem. fratres et omnem domum patris tui. 19. Qui egredietur de ostio domus tuæ. sanguis ejus erit in capite ejus. et nos innocentes erimus. Si quis autem tetigerit eum. sanguis ejus erit in capite nostro. 20. Si quis autem hæc quæ locuti sumus. prodiderit. liberi erimus a juramento. quo nos adjurasti. 21. Quæ respondit. Fiat juxta sermones vestros. Et dimisit eos. qui cum abissent. et ipsa funem coccineum vinxisset in fenestra. 22. Egressi sunt. et venerunt ad montana. et manserunt ibi tribus diebus. donec revertentes qui insequebantur eos. et quærentes per omnem viam. non invenerunt. 23. Reversi sunt ergo duo viri. et descendentes de montibus. transierunt Jordanen. et venerunt ad Josue filium Nun. et narraverunt omnia quæ sibi acciderant. 24. Et dixerunt ad eum. Tradidit Dominus omnem terram in manus nostras. et cuncti habitatores regionis pavescunt præ nobis.
